Message from the President

At Super-Net we consider ourselves the tenth player on the field. As a team player, we listen to coaches and strive to give them what they want. The wisdom of having the right tools for the job can help a good team become a great team.

Super-Net was founded by a former head coach when he was unable to get the practice gear he needed. Since then, Super-Net

has grown into a leading provider of practice equipment to major and minor league teams, colleges and universities, and schools and recreation associations for the past 33 years.

Our batting cages and nets are built in house and can be custom designed to fit the needs of the facility and the needs of the coaches and players.

We carry a full range of baseball and softball related items—from batting cages to pitching machines to protective netting and screens. We also provide field maintenance equipment from mats to tamps to bases.

At Super-Net, our personal approach to service and our goal to provide the best quality at the most reasonable price is our company philosophy. Our greatest pride comes in our ability to give you, the customer, exactly what you want.

Please browse our catalog or web site www.supernetsusa.com and you will see that Super-Net can save you valuable time and money by being able to provide one-stop shopping for your team practice and facility needs. Don't hesitate to call if you have questions. We're here to help!

Glen H. Passner

Terms & Conditions of Sale

To order: Orders can be placed by phone, mail, online, or fax. All prices are FOB Fuquay-Varina, NC or manufacturer unless otherwise indicated. Current prices apply at time of shipment unless otherwise quoted. Catalog prices are subject to change without notice.

Terms: Net 30 days from date of invoice to schools, government agencies, and those with approved credit. Master Card, Visa, and American Express accepted. For private organizations, we require payment by Master Card, Visa, American Express or prepayment. 1 1/2% per month finance charge will be imposed on all invoices 10 days past the original due date.

Freight: We ship freight prepaid and add the shipping charges to your invoice unless otherwise agreed. We ship the most convenient and cost-effective way for our customers. Customer pickup is also offered from our warehouse in Fuquay-Varina, NC.

Sales Tax: We are required to collect sales tax only from North Carolina, Indiana and New Jersey customers who are not tax exempt. An exempt certificate is required from all exempt customers.

Damage: All freight must be inspected for damage or shortage immediately upon delivery. If damage or shortages occur during shipment, circumstances must be noted on the bill of lading. This is necessary so that proper damage claims can be made against the carrier. Hidden damage must be reported within 5 days of delivery date directly to the carrier. Failure to do so will forfeit any claims for damage with Super-Net.

Returns: We require prior authorization for all returns. 20% re-stocking charge on all returns. All returns must be made within 30 days and authorized by Super-Net. Please call for an R.A. number. Any return without an R.A. number will not be accepted. Custom nets cannot be returned.

All Super-Net Cages are constructed of heavy-duty knotted nylon and bound on all sides with 5/16" rope. A 3/8" rope runs down the middle of the top of 10' and wider cages. Outdoor cages use black netting for weather resistance and indoor cages can be made all black, white with black ends, or black with white top.

Protective Screens

When you need equipment that will last, day in and day out, Super-Net has your screens. We have developed the best protective screens on the market. They're extra strong 1-3/4" O.D. aluminum with a 1/8" thick wall, but extremely light-weight for easy handling. Easily assembled with spring button connectors, our screens can be taken apart in a few minutes for storage. The black net slips over the frame, like a pillowcase, using a double thickness of #42 twine netting.

Spring buttons for easy assembly

Ceiling Hung Parallel Cable Kit

Description

Cable system mounts high above your playing surface up near your ceiling trusses (or beams). Cables mount just under your trusses and cables are hung downward vertically to the height of net. Spring snaps are provided to attach the net. On the top end of the vertical cables, we provide trolleys that enable you to easily slide the cage back and forth onto the playing surface or out of the way.

Kit includes all of the hardware for a complete installation;

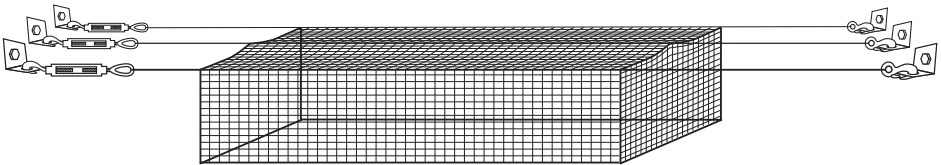

- complete instructions
- (6) wall brackets and rear mounting plates,
- threaded rod
- 1/8" cable (1000 LF)
- (96) wire rope clips
- (6) thimbles
- (42) trolleys
- (84) spring snaps
- (6) turnbuckles

Advantages

1. Simple to install.
2. Support system always ready.
3. Cables are mounted high above the playing floor just below the truss line, high out of the way of other activities.
4. Net slides easily back and forth on pulleys for convenient handling and storage.

Model #CHPCK (Complete Kit)

\$399.00

Three Parallel Cables
(recommended for 10' wide or wider net.)

Model #PCS three cable & hardware (Complete Kit)

\$225.00

Description

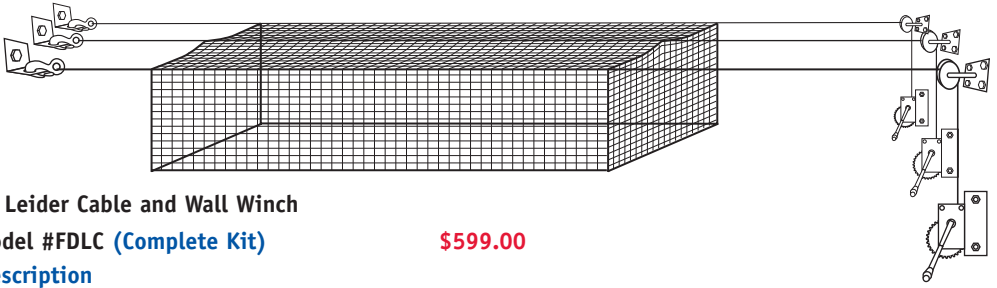

Cable system mounts at the height of the net (i.e. 10', 12', 14') wall to wall enabling you to slide your net to one end or the other for storage when not in use. Kit includes all the hardware for complete installation;

- complete instructions
- (6) wall brackets & rear mounting plates,
- threaded rod
- 1/8" cable (300')
- (3) turnbuckles
- (3) safety hooks
- (105) spring snaps
- (12) wire rope clips
- (6) thimbles

Advantages

1. Simple to install.
2. Support system always ready.
3. Net can slide to either end for storage.
4. Clear floor usage – cable doesn't interfere with floor activities.

Batting Cage Installations

Ed Leider Cable and Wall Winch

Model #FDLC (Complete Kit) \$599.00

Description

Cage system is suspended on three parallel cables. One end of the cable has a hook attached to wall-mounting plate. The other end passes through a pulley and is attached to a take-up winch. Winches control cable tension. Net is suspended from cables and, when not in use, can be temporarily stored, sliding like a shower curtain, to either end of the room.

If cables have to be temporarily taken down for another activity (1) net is stored only on the pulley side, (2) cable slacked off, (3) hooks unhooked, (4) cable is cranked completely on the winch except for the last 10/12', (5) left cable is then attached to right pulley & vice versa, supporting the net against the wall.

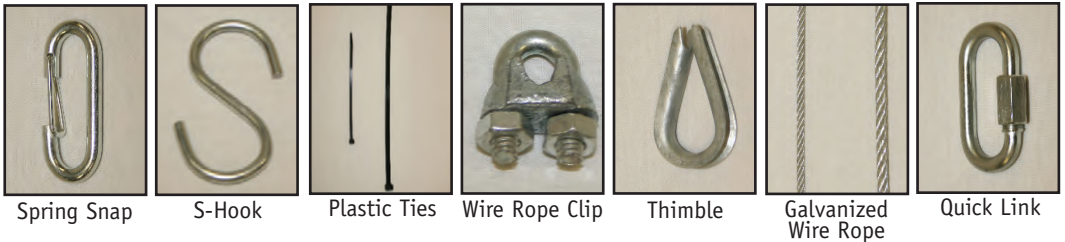

Kit includes:

- complete instructions
- (3) winches
- (3) pieces of 1/8" cable
- (3) thimbles
- (1)05 spring snaps
- (6) wire clips
- (6) wall brackets & rear plates
- threaded rod
- (3) safety hooks

Advantages

1. Simple to install
2. Tension can be quickly adjusted
3. Net can slide to either side for storage, similar to a shower curtain
4. Clear floor usage-cable does not interfere with floor activities
5. Net can be attached when cable tension is lowered to floor; height tension is increased as net is raised into operational position
6. When net is stored on side of winches, cable can be unhooked, cranked back and stored away so gym area is completely clear

Enduro Fencing

Enduro Fencing With Yellow Top Tape

Sets a new standard for simplicity, durability and appearance!

Slide the poles through permanent vinyl pockets in the mesh fencing and drive the pole into the turf with a rubber mallet. No ropes, ties, clips, hooks, etc. Vinyl pockets, spaced every 10', create an attachment to the pole that is uniform top to bottom. Steel pilot hole tool included for hard ground. Optional ground sockets available.

OnePiece Enduro Fence System

Fabricated in one piece to create a homerun fence w/o gaps or overlap. Your System will include a single piece of fencing with pockets, poles, a pilot hole tool for hard ground and a 300' tape measure to assist with proper pole layout. Ground sleeves are optional. Comes in Dk Green only.

200' Homerun Fence (One Piece Enduro Fence System)

314' of fencing, 32 poles, pilot hole tool, tape measure

Measuring Plate

The Measuring Plate

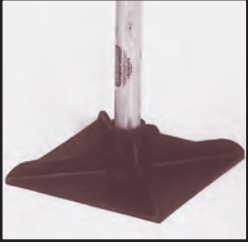

Perfect for all levels of play--baseball and softball

- Adjustable 60'6" fiberglass measuring tape
- UV weather resistant rugged plastic
- Lightweight
- Measure exact distance for practice or games

Model #MPlate

\$49.95

Field Maintenance Equipment

Soil Tamp

Excellent for packing fill dirt around home-plate and mound area. Tamp is made of a steel plate 10" x 10" with a 48" handle.

Model #SOILTAMP

\$48.00

Heavy Duty Tamp

Welded all steel construction with 10" square steel plate. This is one of the most durable tamps available.

Model #HDTAMP

\$58.00

Tamp Sock

Designed to make tamping wet clay a simple hassle free process. Keeps dirt from sticking to your tamp. No more towels taped to the base of your tamp or constantly moving pieces of cloth around your mound.

Simply slide the tamp sock over your tamp base and connect the Velcro on top. Constructed of 3-ply denim for extra durability. 10"x10"

Model #TSOCK10 \$25.00

Loop/2 Way Hoe

Dual action hoe cuts grass and weeds out by the roots with minimal surface disruption. Great on base paths! Heavy duty stamped steel head with wood handle.

Model #2WAYHOE

\$34.00

Puddle Pillows

Reduce the time it takes to remove water puddles from your field. Puddle Pillows can be used time and time again. Simply

place in standing water, when saturated, remove, squeeze dry. Pillows are seamed in the middle creating 2 "pockets" which allows the pillows to be hung over the fence to dry. 10 pillows per case, each pillow can absorb up to 3.5 liters of water.

Model #PUDDLEP Case of Ten \$74.95

Cleat Cleaner

Rugged all rubber construction will de-mud cleats quickly to provide better traction. Can be mounted to treated wood and buried

in the ground for permanent installation.

Model #CLEATC \$27.50

Infield Rake

Features heavy-duty aluminum handles and heads with large teeth on one side and a

rugged leveling blade on the other.

\$75.00

Finishing Mops

Designed for those small areas that are nearly impossible to finish groom! Great for mounds, infield edges, base paths, on deck circles and any other cutout. The 24"W x 18"D mats are available in your choice of either a high quality cocoa or a heavy-duty flexible steel. The 66" powder coated handles & attachments are constructed of heavy-duty reinforced aluminum.

Cocoa Mop Model #COCOAMOP \$108.00

Flex Steel Mop Model #FLEXSTEELMOP \$96.00

Nail Drag
Heavy-duty field conditioner can be used two ways. With the bolts turned down the Field Conditioner easily

breaks up the hard packed areas and with the angles turned down it smooths a 6 foot wide path. The extra heavy chain link fencing attached to the back helps break up the larger dirt clods. The Field Conditioner is designed to hold common 8" concrete block for added weight

Model #FMNAILDRAG \$275.00

Big League Style Nail Drag

Breaks up hard compacted infield clays. Nails are 4" apart & offset creating 2" scarification. Add weight to increase depth. Optional wheel kit adjusts the drag depth & raises for towing. Steel construction.

3'Lx3'W Model #BLND33 \$319.00

3'Lx5'W Model #BLND53 \$449.00

Optional Wheel Kit Model #BLNDWK \$150.00

Cocoa Mat Drags

Constructed from natural cocoa fibers that "float" across the surface producing a beautiful finish with minimal movement

and buildup of your infield mix. Unlike steel drags, cocoa mats drastically reduce the accumulation of dirt when you're finished. Flip the drag over and use the solid steel twin bladed cutting edge for shaving off high spots and filling in the low. Features a hand hold for easy transport. Note: 2' deep drags include a tow rope with wood handle, and the 4' deep drag includes a HD tow chain at no additional cost.
